Tasting You is a collection of erotic stories for grown-up women about grown-up women. No hardcore porn, no vanilla sex, just the way life sometimes takes us along at its best and worst. Starting out her writer's career in 1975 as a provocative feminist debater, Bente Clod soon achieved literary acclamation for her writing, and in 1981 was nominated to the prestigious Scandinavian Literary Award for her poetry. Her guidebook for writers to be and her writing workshops on prose, poetry and erotic writing have made her widely known throughout Scandinavia.
