Tredje bind i serien Formskifter. Trey troede, at han var den eneste. Men det var en løgn. Den sidste fuldblodsvarulv i verden har fundet sit kobbel, men det er et grusomt, blodtørstigt og utæmmet selskab. Trey har fået nok af vampyrer, dæmoner og troldkvinde. Han har brug for at være sammen med sine egne - den slags med pels, hugtænder, og dræberinstinkter.

Men det varulvekobbel, der hyler mod månen i Canada, er ikke helt, som han havde forventet. Og uden vampyren og dæmonjægeren Lucien Charrons beskyttelse er hans familiehemmelighed endnu farligere, end han nogensinde havde forestillet sig. Kan varulven i ham mon tæmmes?
